Wholesale Price List of

CHOICE IRIS

*with Ratings, Name of Originator
and Date of Origin*

This is one of the finest and most comprehensive collections of fine Irises ever offered for sale. Most of the rare foreign varieties of recent introduction are here offered at less than the cost of importing them. The varieties not rated have been originated since the American Iris Society made their official ratings in 1921. Notice the uniformly high ratings and the absence of poorly rated varieties. There is not a poor one in the lot.

9.5 is considered almost perfect.
9.0 is very fine.
8.5 fine
8.0 very good
7.0 good
6.0 good but not outstanding
5.0 fair
Below 5.0 poor

Only fine strong roots will be shipped. These prices are all net wholesale prices to commercial growers only.
